

**THE ONLY PRESSURE WASHERS
BUILT RENTAL TOUGH**

BG Series

Cold Water Pressure Washer Gasoline Powered | Belt Drive Pump | Portable

THE BG is the tough, workhorse model of Kärcher-Shark's rugged, belt-drive, cold water pressure washer line. Powered by industrial-grade Honda gas engines, all six models are certified to the rigid UL-1776 safety standards for pressure washers and feature a Kärcher crankcase pump, backed by a limited 7-year warranty, and a totally enclosed, OSHA-compliant belt guard. The chassis is made of 10-gauge steel and is protected by an epoxy, powder coat finish and a limited lifetime warranty. Equipped with top-of-the-line components, these machines are designed for long running times in the toughest of conditions.

7 YEAR PUMP WARRANTY
Durable, triplex, oil-bath, Kärcher high-pressure pump, with three ceramic pistons and forged brass manifold, backed by a limited 7-year warranty

Totally enclosed, OSHA-compliant, high-impact polyethylene belt guard for operator protection

Heavy-duty, insulated trigger gun is rated for 4500 PSI and features a fatigue-free handle

50 ft. of non-marking, color-coded, wire-braid hose with safety hose guard for operator protection against bursts

Chrome plated steel wand has adjustable, easy-grip handle for hours of fatigue-free pressure washing

Easy-grip chrome handle with convenient hose-and-gun rack and rear bumper for ease in loading pressure washer into a vehicle

Easy-to-understand illustrated operating instructions for multi-lingual operator and owner protection

Reliable Honda engine on most models with three-year limited warranty features low-oil alert and silent-tone muffler

Vibration-absorbing 13" tubed pneumatic tires with steel wheels for all-terrain maneuvering

Rugged chassis with limited lifetime warranty is made of 10-gauge steel and painted with black wrinkle paint for all-weather resistance; chrome handles are now standard

Easy-to-attach downstream detergent injector with brass soap nozzle

Chrome Handles Standard

Certified to UL-1776 Safety Standards

Powered by HONDA ENGINES

Notched V-belts and cast-iron pulleys reduce belt slippage and provide longer pump life; plus easy-to-adjust belt tension with a single bolt

Keep replacement parts at the tip of your fingers

Our Kärcher-Shark Parts Box includes an assortment of the most commonly used replacement parts—couplers, spray nozzles, and O-rings—all conveniently sorted in a heavy-duty tote box.

U-Seal Technology

Kärcher crank-case pumps now feature new U-Seal technology, giving pumps longer life and better performance.

Four conveniently mounted, color-coded, stainless steel nozzles for varying the fan spray

Safety thermal pump saver valve protects against hot-water damage by venting recirculated water

High-quality, tamper proof unloader valve for operational safety

KÄRCHER

THE ONLY PRESSURE WASHERS BUILT RENTAL TOUGH

BG Belt-drive ruggedness for extra-tough cleaning jobs

Featuring high performance specifications with top-of-the-line components

The Kärcher-Shark BG Series is a high value, belt-drive line targeted to the contractor and heavy users. These machines are designed for long running times and in-field use. Furthermore, the front and rear handles make loading easy and convenient.

DETERGENTS Fast-cleaning, commercial-grade

Custom formulated especially for pressure washers

Kärcher-Shark's biodegradable detergents are highly concentrated to deliver an extra-fast and economical dimension to your cleaning effectiveness. Graffiti removal is made easy using Kärcher-Shark's unique product formulas that require no extended soak time and can be reapplied immediately.

CYCLONE SURFACE CLEANER

Attaches to a pressure washer to clean flat surfaces faster

The optional Kärcher-Shark Cyclone attaches to a hot or cold water pressure washer (up to 185°F) to clean flat surfaces as much as three times faster than with a wand. Featuring a self-lubricating rotary union, the spray bar whirls at a rate of up to 2000 RPM. It's lightweight with a polyethylene housing and has two pneumatic tires and a sealed swivel caster for easy maneuvering in tight places.

WHY KÄRCHER

The undisputed world leader

Kärcher is a pioneer in high-pressure cleaning equipment inventing the first hot water pressure washer in 1950. Today, Kärcher is the world's largest manufacturer of pressure washers and is the undisputed leader in innovation with more than 300 patents. Kärcher was the only brand of pressure washer invited to perform the first ever cleaning of Mount Rushmore in 2005.

More than 80 hot- and cold-water models!

BENEFITS

Here are the Top 7 reasons Kärcher-Shark is America's #1 name in pressure washers

With the merging of Shark and Kärcher, our customers reap the benefits of a one-stop shop for pressure washer supplies, such as:

1. More than 40,000 different replacement parts and accessories in stock or ready to order when you need them most;

2. A huge selection of more than 80 hot- and cold-water pressure washers;

3. Same-day shipping on more than 30 of our most popular hot- and cold-water pressure washers as part of the popular Kärcher Ship Program (KSP);

4. Competitive pricing on hoses, guns, wands, nozzles, repair kits, and pressure washer components;

5. Stainless steel coil wraps that now come standard on nearly all of our hot-water pressure washers;

6. A wide selection of detergents formulated specifically for pressure washers, including the new portion packs that come in self-dissolving bags for easy storing and mixing;

7. A handy and affordable Kärcher-Shark Parts Box that puts the most often needed pressure washer parts at your fingertips.
